

The Nashira Education Project 5772 Calendar

The Nashira Education project is founded on the belief that Jewish learning takes place in three important areas: home, classroom, and congregation. All three of these contexts are included in our expectations for your child's education. This is our approach to the mitzvah of *v'shinantam l'vanekha*, "you shall teach your children." We hope to guide each child toward finding her or his organic place in the Jewish community, both that of Shir Tikvah, and of the world beyond. The dates below are meant to help guide you in planning your child's year of Jewish learning.
